

AAYIR SCHOOL OF DESIGN

Where Creativity Finds Structure

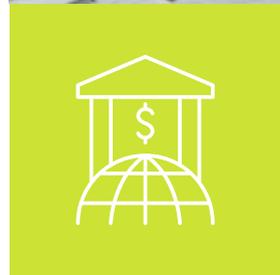

ASD

About Us

We are an innovative interior design college dedicated to nurturing creativity, technical skills, and professional growth for tomorrow's design leaders.

Our college empowers aspiring interior designers with creative vision, industry knowledge, and professional guidance to build successful, future-ready design careers.

01 Welcome

Welcome to Aayir School of Designs, where creativity meets innovation, offering expert guidance, industry-driven training, and design excellence to shape future-ready interior professionals.

02 Why Us?

We combine creativity with industry expertise, offering hands-on learning, real projects, and expert mentorship to prepare students for innovative interior design careers.

03 Our Goal

Our goal is to nurture creative minds into professional interior designers by providing industry-driven education, hands-on training, and innovative learning experiences.

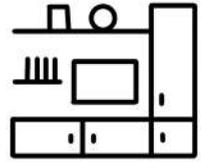

04 Expert Faculty & Mentorship

Get guidance from experienced architects, designers, and professionals who bring practical knowledge into the classroom.

05 Career Opportunities

Gain industry exposure through internships, collaborations with top design firms, professional workshops, and placement support to launch a successful interior design career.
